

ICTS Postdoc/Graduate Student Seminar Series

Title : Topological Data Analysis

Speaker : Anish Mallick, ICTS-TIFR, Bangalore

Date : Friday, June 7, 2019

Time : 3:00 PM

Venue : Emmy Noether Seminar Room, ICTS Campus, Bangalore

Abstract : I will focus on the main goal of topological data analysis, what it is good at and its limitations. To elaborate on these points, I will focus on some special cases.

Note: This will be an ongoing biweekly seminar series (Fridays) by the ICTS postdocs and graduate students
